

# VVS Foosball League Handicap System – June 15, 2009

## Things that will change:

- Your Individual Starting Handicap is based on your carry overrating & your Lincoln Skill Rating Group. Found on the back of this sheet or at [www.vvsleagues.com](http://www.vvsleagues.com).
- Handicaps will no longer be determined by Total Points Divided by Games Played.
- Change in individual handicap is based on how many individual wins you get each week.
- In Doubles play, the partners handicaps are combined and divided by two. If the result ends in .5 or higher it is rounded to the next whole number. The Player Handicap Chart is enclosed to aid in figuring Doubles Handicaps.
- A Most Individual Wins Award will now be awarded if it is different that Individual Points or High Average winner..

## Things that will stay the same:

- All games are played out to 7 points and then the handicap will be added in.
- A tie after handicap is figured in will result in ½ win for each team..
- In Singles play, the player with the lower handicap receives the actual difference.
- 1 team win is given for Total Series Points. (Handicap not affected)
- Each partner gets credit for 1 win when they win a doubles game.
- Your updated Handicap will be listed on the League Standings Sheet for your next match.

---

## **NEW! Individual Starting Handicaps**

Lincoln Pro	7
Group 1	6
Group 2	4

\* All Others (except players of known ability) 3
