# VVS Foosball League Handicap System – North Platte - October 22, 2008

## Things that will change:

- Your Individual Starting Handicap is based on your North Platte Skill Rating. Found on this sheet or at www.vvsleagues.com.
- Handicaps will no longer be determined by Total Points Divided by Games Played.
- Change in individual handicap is based on how many individual wins you get each week.
- In Doubles play, the partners handicaps are combined and divided by two. If the result ends in .5 or higher it is rounded to the next whole number. The Player Handicap Chart is enclosed to aid in figuring Doubles Handicaps.
- A Most Individual Wins Award will now be awarded if it is different that Individual Points or High Average winner..

## Things that will stay the same:

- All games are played out to 7 points and then the handicap will be added in.
- A tie after handicap is figured in will result in ½ win for each team..
- In Singles play, the player with the lower handicap receives the actual difference.
- 1 team win is given for Total Series Points. (Handicap not affected)
- Each partner gets credit for 1 win when they win a doubles game.
- Your updated Handicap Ratings will be listed on the League Standings Sheet for your next match.

## Individual Starting Handicaps

Players of known ability need to call VVS League Rep Jon Knapp to find their Starting Handicap if they are not listed.
